

Ensure true and up-to-date data in your SAP solutions.

As a SuccessFactors Employee Central customer, you can benefit from SAP Cloud Platform Integration to integrate data between SAP SuccessFactors and SAP Concur.

ARAGO Consulting developed a full integration to simplify Employee Data management between SAP Concur and SAP SuccessFactors and:

- **Secure** employee information and provide a comprehensive view of travel and expenses,
- **Facilitate** and secure the management of expense reports,
- **Improve** the employee experience,
- **Optimize** the ROI of your solutions.

INTEGRATION MAIN BENEFITS

Employee Data Synchronization from SAP SuccessFactors to SAP Concur Expense, Request and Travel with a focus on:

- Automation of User creation in Concur
- Data change management with a Delta mode
- Termination.

Accelerating Employee Data Integration with pre-packaged approaches and solutions.

Enhanced monitoring on Employee accounts.

SUCCESSFACTORS TO CONCUR INTEGRATION IS THE BEST WAY TO ENSURE:

- **Daily Integration:** Employee Data management for SAP Concur Expense, Request and Travel modules.
- **New hires and Termination processes** (with termination postponing in Concur if necessary).
- **Employee changes** based on effective dates (delta mode).
- **Mapping** for Employee Groups, Org units, Ledger, Travel Rule Class, Reimbursement Currency.
- **Employee ID choice:** User ID, Employee ID or Person ID.
